Is Great Music a Mystery to You?

OME TIMES you see a reference in a newspaper or a magazine to some composer with whom you are wholly unfamiliar.

You would like to know what kind of music that composer wrote—why it is that he has become so famous.

You wish that someone in the household could play for you representative works of that composer.

The Planola Piano

IS THE "OPEN SESAME" TO ALL MUSIC.

It answers all your musical questions—it is a veritable encyclopædia of music. It follows wherever your desires and your tastes lead. Over 15,000 compositions await the enjoyment of the owner of a Pianola or Pianola Piano. No music is too simple or too great for the conquest of the Pianolist.

CAUTION: There is only one Pianola. Do not make the mistake of supposing that you can go into any music store and buy the genuine Pianola and Pianola Piano.

advertisements was a handbill or poster got out by Caxton in 1480 and reading: "Pyes of Salisbury good and chepe if it please any man spirituel or temporel to bye."

This was not a baker's advertisement. Caxton had printed "Pyes" or clerical rules telling how the clergy at Salisbury dealt with the changing date of Easter, and as the clergy could read he was bold

clergy could read he was bold enough to print advertisements of his "Pyes."

For two centuries after it was introduced printing which should have boomed advertising—if advertising depended primarily upon printing—had little or no effect upon it. The public had to be reached by the rebus over the shop, the public eriers in towns and by boys in front of stells calling: "What d'ye lack, master? What d'ye lack?"

Even public notices posted in ca-thedrals and other frequented places were seldom printed, says a writer in System. So few copies were re-quired for the few readers that they tere cheaper hand written.

And even the newspapers, when the civil wars in England in the seventeenth century brought them forth and they began to develop readers, had an extraordinarily small effect in developing advertis-

Book notices, rewards for the arrest of runaway servants and thieves and the announcements of quacks began to appear about 1652. And a little later the germ of modern advertising began to develop in the Mercurius Politicus, the Kingdom's Intelligencer and the Publick Advertiser and others in an effort to introduce tea, coffee and chocolate into England, thus:

Tea: "That excellent and by all Physitians approved China drink called by the Chincans Teha, by other Nations Tay, alias Tee.'

Coffee: "The grain or berry called coffee, growing only upon little trees in the deserts of Arabia. Brought from thence and as drunk generally throughout all the Grand Seignor's dominions. It is a simple, innocent thing composed into a

And chocolate: "An excellent West India drink called Chocolate." The contrast between popular dependence upon advertising then and now cannot be better shown than y the experience after the great

In 1666 London was practically wiped out by fire. The printer of the London Gazette, with almost prophetic acumen, offered his colimns for notices of new locations of shops. But though practically every important shop in the city was moved there was absolutely no esponse to this offer. The old loations had never been known through the newspapers, so why should any one look there for the

Your P's and Q's.

The expression "mind your P's and Q's" is so common that most of us have never given thought to its origin. The initials stand for pieds and queues-feet and pigtails. It was the caution given by all French dancing masters as far back as the time of Louis XIV. and up to the time of the revolution. It was then the fashion for the feet to be put in position and the bow to be made very low-a thing most difficult to do gracefully without moving the "pieds" or deranging the wig and throwing the "queue" forward; hence the warning min-********** istered by the terpsichorean pro-

A Cozy Home.

While walking through a banana plantation near Matanzas, Cuba, a small dove fluttered out from under some leaves I disturbed in passing. She feigned a broken wing and tried to lead me from the spot, but I was hard hearted enough to ignore her and peer under the leaves instead. I was repaid for my trouble by a sight I shall always remember-the coziest little home I ever saw. A large bunch of bonanas, nearly ripe and hanging so low as to nearly touch the ground, sheltered in its heart a neat little nest with two pearly white eggs .- St. Nicholas.
